PART 5 : IMPORTANT INFORMATION

Notes on instrument and annex preparation

- Council is the Prescribed Authority, the property owner is the Proprietor and the bank (if property is mortgaged) is the Mortgagee.
- Original PDFs are preferred, with or without other signatures. Please ensure the PDF is not password protected.
- If the PDF is not an original, please ensure that it is clearly scanned in a high resolution.
- If the instrument is filled / signed incorrectly or the correct annex / terms are not the ones lodged, Council may re-prepare a correct Instrument and / or Annex on your behalf by relying on the current Title Search provided.

PEXA and registration related Notes

- NSW Land Registry Services no longer accept hard copies of Title Encumbrances since they moved to electronic registrations through PEXA.
- Council therefore no longer signs or provides hard copies of endorsed Instruments. Once the Council signed document is released, it is sent in PDF format to the e-mail address nominated on page 1 of this form.
- All Instruments now require registration via PEXA. The applicant / subject site owner is to engage their own PEXA agent (e.g. Surveyor / Conveyancer / Solicitor) who will create and invite Council to an online PEXA workspace to process the Instrument for electronic LRS registration.
- Banks may now provide their consent as a letter that is uploaded to PEXA instead of signing the instrument itself. If your bank has not provided this yet or if you want to forgo their participation altogether, pick the option Not Applicable (N.A.) for the mortgagee section of the 13PC or 13RPA form. They are an **optional** third party as per NSW LRS advice as the Instrument is primarily an agreement between Council and the Proprietor.
